1. I have reviewed your proposal in reference with [redacted] Chairman of the Board of Editors of Studies in Intelligence. He has advised me of the Board's action on this proposal in February. I believe there is merit in the Board's view that the Editor not be subordinated to the OTR Center for Policy Studies and that his primary office be located at Headquarters.

2. At the same time, I endorse the Board's conclusion that there should be close cooperation between Studies and the Center. The Editor of Studies and the Director of the Center should assure that this collaboration is effected.

3. I would like to get an up-date soon on the current status of the Center - its program, plans, staffing, etc. Please ask the Director to prepare a brief report covering these matters for me.
